COURSEWORK

UNDERGRADUATE

Programming for Problem solving
Object Oriented Programming
Engineering Graphics and Design
DSA
Algorithms

SKILLS

PROGRAMMING

Java (NPTEL) • Python • Javascript
C • C++ • CSS • SQL • Problem solving
Creative • Management • Entrepreneurship
Video Editing • Communication

ACCOMPLISHMENTS

FINTECHZAI HACKATHON

Conducted by C Tech department of
SRMIST ktr campus. We developed a
Payment app specially for campus called
Srmfinpay, with ai chatbot to recommend
Advice on spendings. Got 2nd place and
15000 Rs cash prize

EXPERIENCES

INTEL – AIOT

Project based course conducted by Intel.
Jan 2024 – Jun 2024

HOWDYDOO

(Event management startup company)
Marketing/Management intern
Jan 2024 - present

CERTIFICATIONS

PROGRAMMING IN JAVA

Jan - April 2023 | NPTEL

PYTHON ONLINE TRAINING

May - Jun 2023 | Online

IBM Database and SQL

Jan 2024 - March | Online

Exploratory Data Analysis

July 2023 - Dec 2023 | IBM

PROJECTS

VIDEO AND IMAGE ANALYSIS USING OPENCV IN C++

The video analysis project was made possible by
using the OpenCV module. The target was to
make use of OpenCV to perform video analysis
in C++.

CHAT APP

Was developed using reactjs and python with
nodejs for server side. Chatengine api was used
for chat calls and requests.

HOSPITAL MANAGEMENT SYSTEM

Was developed using sqlite for database and
python for backend. Html Css javascript was
used for frontend.
